

Flamborough CE (VC) Primary School **Intimate Care Policy**

Date Policy Becomes October 2022

Review Date: October 2024

Person Responsible for Implementation and Monitoring: Head teacher

Aims and Objectives:

The purpose of this policy is to ensure that all staff responsible for the intimate care of children will undertake their duties in a professional manner. Flamborough CE Primary School recognises that there is a need to treat all children with respect when intimate care is given. No child should be attended to in a way that causes distress or pain.

Our Approach to Best Practice

1.1 Staff who work with young children realise that the issue of intimate care is a difficult one and will require staff to be respectful of children's needs.

1.2 Intimate care can be defined as care tasks of an intimate nature, associated with bodily functions, body products and personal hygiene which demand direct or indirect contact with or exposure of the genitals. Examples include care associated with continence management as well as more ordinary tasks such as help with washing.

1.3 Staff that provide intimate care to pupils have a high awareness of child protection issues. Staff behaviour is open to scrutiny and staff at Flamborough CE Primary School work in partnership with parents to provide continuity of care to pupils wherever possible.

1.4 Staff deliver a personal safety curriculum, as part of Personal, Social and Health Education, to all pupils as appropriate to their developmental level and degree of understanding. This work is shared with parents who are encouraged to reinforce the personal safety messages within the home.

Basic Components of Good Practice

2.1 All pupils who require intimate care are treated respectfully at all times; the child's welfare and dignity is of paramount importance.

2.2 As a basic principle, pupils will be supported to achieve the highest level of autonomy that is possible given their age and abilities. Staff will encourage each pupil to do as much for themselves as they can.

2.3 In most cases one pupil will be cared for by two adults in line with the local authority's Moving and Handling regulations.

2.4 Individual intimate care plans will be drawn up for particular children as appropriate, to suit the circumstances of the child. This will be agreed between home and school and will act as a point of reference.

The Protection of Children

3.1 Child Protection Procedures and Multi-Agency Child Protection procedures will be accessible to staff and adhered to.

3.2 Where appropriate, all students will be taught personal safety skills carefully matched to their level of development and understanding.

3.3 If a member of staff has any concerns about physical changes in a student's presentation, e.g. marks, bruises, soreness etc, they will immediately report concerns to the Designated Safeguarding Lead. A clear record of the concern will be completed and referred to social services and/or the Police if necessary. Parents will be asked for their consent or informed that a referral is necessary prior to it being made unless doing so is likely to place the child at greater risk of harm.

3.4 If a pupil becomes distressed or unhappy about being cared for by a particular member of staff, the matter will be looked into, outcomes recorded, and the results of any investigation shared with the child and the parent / carers.

3.5 Parents will be contacted at the earliest opportunity as part of this process in order to reach a resolution. Staffing schedules will be altered until the issue(s) are resolved so that the pupil's needs remain paramount. Further advice will be taken from outside agencies if necessary.

3.6 If a child makes an allegation against a member of staff, all necessary procedures will be followed and the Head Teacher must be informed. If the allegation is about the Head Teacher, then the Chair of Governors should be informed.
